## Christian Science Leaders Are in A Legal Battle

BOSTON, April 29.—Allegations that Adam H. Dickey, Edward A. Merritt and William E. Rathvon, in voting as a majority of the board of directors of the First Church of Christ, Scientist, to displace John V. Dittmore from membership in the board, acted "in the hope of making a collusive and unjust settlement" with the trustees of the Christian Science Publishing society "concerning the evil conditions which had grown up in the Publishing society" are contained in a bill in equity filed by Mr. Dittmore in the supreme court today. He petitions the court to declare the vote of dismissal illegal and void.

James A. Neal, another member of the board, and Mrs. Annie M. Knott, who was named to succeed Dittmore, also are made defendants in the suit to have the board restrained from interfering with the plaintiff "in the exercise of his functions and rights as a member" of the board.

The bill refers to the vote on March 17 by Dickey, Merritt and Rathvon, as a majority of the board, to remove Lamont Rowlands from the board of trustees of the Publishing society.

## Willard-Dempsey Fight Turned Down By Maryland Governor

BALTIMORE, April 29.—Governor Herrington this evening turned down the petition of Mayor Koons and the chamber of commerce and other leading citizens of Cumberland for permission to hold the Willard-Dempsey fight in that city. The governor would not give the Cumberland people a guarantee of non-interference. He said he was not satisfied that the "glove contest" would not degenerate into a "prize fight" and that more than twelve rounds would be fought.

Mayor Koons says he assured the governor that every precaution would be taken to prevent any trouble or disturbances at the bout, that it meant hundreds of thousands of dollars for the mining city, but the governor was inexorable. He has not objected or interfered with the twelve round bouts that are fought weekly in Baltimore city but he draws the line on a 25-round or a fight to a finish.

## BANKERS UNITE TO PROMOTE A GREAT TRADE

NEW YORK, April 29.—An alliance of French and American banking interests, representing combined resources of more than one and a quarter billion dollars, organized to promote trade between France and the United States, was disclosed through the filing today, at Albany, of incorporation papers for the French-American banking corporation. Half of the stock will be held by American and half by French interests. The plan, its organizers say, means that hereafter American business men will be able to avail themselves of banking facilities in France as advantageous as Frenchmen themselves enjoy.

The French participant in the alliance is the Comptoir National D'Escompte de Paris, which takes half the capital stock. The American interests are the First National Bank of Boston, and the National Bank of Commerce in New York, each holding one-fourth the capital stock.

The new corporation is capitalized at \$2,000,000, with a surplus of \$500,000, all paid in. Maurice Silvestre, American representative of the Comptoir National D'Escompte de Paris, will be president.

## MILK TESTS SHOW A BAD CONDITION IN THE COUNTY

This analysis resulted in finding that much of the milk had been tampered with on the farm before being turned over to the distributors, and complaints will be filed today by the Ogdens board of health, it is announced.

## BUILDING SHIPS FOR AUSTRALIA

When asked for a statement regarding the work of the company and its accomplishments, Mr. Patterson said that he did not care to make any statement about the company, for it had only done its part in the war. He added that the ships built were for the Australian government. The contract for the four ships for the American government had been cancelled shortly after the signing of the armistice.

His company had completed seven ships for the Australian government and had two ships ready to launch and one more on the ways. The contract called for ten ships. The ships were of wood, 280 feet in length, 44 foot beam and 4400 tons. Mr. Patterson added that the company had its own machine shops and boiler plants and built the ships complete. At one time the plant was operating with 1500 men and a payroll of \$55,000 a week.

## Italians Demand the Eastern Side Of the Adriatic

ROME, April 29. (By the Associated Press).—Following Premier Orlando, Professor Luigi Luzzatti, as spokesman for the majority party in the chamber, declared that the Allies had never rewarded Italy's sacrifices as they deserved to be rewarded. Italy's restoration, he added, ought at least to be equal to that of the other allies.

The speaker said President Wilson's message had hurt every Italian heart. "Too much blood has been shed and too many sacrifices, both for the present and for the future have we made," he said. "Italy is not entitled to demand that our sons along the Adriatic shall be able to feel themselves under the protection of their longed-for motherland."

The speaker declared it was the duty of all the deputies to rally round the government.

**SODA FOUNTAIN DRINKS TAXABLE**  
One Cent on Five and Ten-cent Drinks, Two Cents on 15 and 20-cent Dishes.

WASHINGTON, April 29.—Soda water, ice cream, sundaes, root beer and all other soda fountain drinks become taxable Thursday under the revenue act. Five and ten cent drinks or dishes will be taxed 1 cent, while 15 or twenty cent drinks will be taxed 2 cents, and the tax will be collected from the purchaser, unless the soda fountain keeper chooses to reduce the prices to include the extra tax item.

The question of when drinks are taxable and when they may not be taxable and the precise methods of collecting the tax, were discussed at length in a statement issued today by the internal revenue bureau.

These examples were given of taxable drinks when mixed and sold at the fountain for consumption on the premises: Orangeade, lemonade, pineapple juice, coca cola, root beer, moxie, phosphates, fruit and flavoring syrups mixed with carbonated water or plain water, milk shakes, malted milk shakes, cream and egg shakes, ice cream, ice cream sodas, sundaes, ice cream sandwiches, flavored ices.

These drinks are not taxable: Hot beef tea, coffee, tea, buttermilk, milk, hot chocolate, hot clam broth, tomato bouillon and bottled drinks sold direct from the container. Separate manufacturers taxes are imposed on drinks of the latter class.

Ice cream is not taxable when sold in containers to be carried away from the selling place. Ice cream cones are taxable. Bromo seltzer, rockwell salts, seltzer powders, castor oil, epsom salts and similar medicines often served at soda fountains are not subject to the tax.

Soft drink stands or push cart enterprises are subject to the tax, but restaurants or other places serving ice cream or soft drinks as an incidental feature of the business are not required to collect or to pay the tax. Church "societies" and clubs are exempt, but booths at country fairs, circuses or ball games must collect the tax.

## Sixteen Miners Are Killed in a Coal Mine Explosion

BIRMINGHAM, April 29.—Sixteen miners, all but two of whom were negroes, were killed, and eight others were injured probably fatally today by an explosion in a mine of the Majestic coal mining company, located 2½ miles north of Birmingham. All but four of the 106 men in the mine at the time of the explosion had been accounted for tonight.

The explosion is believed to have been caused by a fall of rock releasing a large quantity of coal gas which was ignited by a miner's lamp.

## Sen. Reed Smoot Pleased With the League Amendments

SALT LAKE CITY, Utah, April 29.—United States Senator Reed Smoot, in a signed statement to the revised covenant of the league of nations, today declared himself pleased with most of the amendments as adopted, but expressed the hope they may still be amended. The statement says:

"Most of the amendments to the league covenant demanded by leading Republicans of the country have been adopted by the peace conference but, if press reports are correct, article 3 is still unamended and guarantees all nations entering the league their political independence and territorial integrity. This is a very dangerous provision and I express the hope it may yet be amended at the conference."

"Article XXII is amended with the intention of safeguarding the Monroe doctrine, but it is doubtful if the wording of the article as reported will accomplish it. This article should be clarified."

United States Senator W. H. King of Utah, in a statement today said the amended covenant was admirable and very gratifying to him and that it met every serious objection raised by fair minded people and that he would support it.

## Sen. McNary Upholds the League Covenant

WASHINGTON, April 29.—Senator McNary of Oregon, Republican, announced today that he would support the league covenant as finally adopted in Paris.

"In my opinion," he said, "the covenant has been amended to meet all the legitimate objections raised against it. Whether it is perfect in all its details or not is insignificant as compared with the high principle it is calculated to serve which in time will be perfected as far as human efforts can achieve and will be as devotedly respected as the constitution of our own country. That feeling in itself will be sufficient to guarantee everlasting peace."

Cecile, the wife of the one-time crown prince of Germany, soon will appear in court to get a divorce from Willie, and the four little princesses whose pictures appear and a little princess born during the war will probably be given to the charge of their mother, who has had charge of them anyhow in days gone by when Willie roamed Europe in search of pleasure and since his flight to Holland. Cruelty is charged against the ex-prince. The Mother of Cecile, Grand Duchess Anastasia, is ready if necessary to testify for her daughter. Her picture is at the right.
